ABOUT

I am a registered architect with over twelve years of professional experience. With a belief that architecture is about the exploration and expression of ideas I look at each project as a new challenge to address and as an opportunity to foster positive change within a community.

PROFESSIONAL EXPERIENCE

DIGSAU, Philadelphia, PA

Project Architect

2021 - present

DIGSAU is a Philadelphia based firm that practices contemporary architecture, urbanism, and environmental design. As a Project Architect I participate in client and consultant meetings and am responsible for leading the team in the development of the project design and documentation. As part of this role I routinely collaborate with fellow team members and mentor junior staff members.

JDavis Architects, Philadelphia, PA

Project Architect

2016 - 2021

JDavis is a multi-disciplinary firm of architects, landscape architects, planners, and interior designers. My responsibilities included assisting with conceptual and schematic design, participating in client and consultant meetings, and leading the documentation and construction administration phases of projects. A typical project type was a multi-family building of wood and concrete construction designed to achieve NGBS certification. As part of this role I collaborated with colleagues and provided guidance and leadership to junior staff members.

KSS Architects, Philadelphia, PA

Intern Architect

2013 - 2016

KSS is an architecture, planning, and interior design firm. As a member of the industrial studio I worked on projects of various sizes and complexities with a typical construction type of concrete and steel. My responsibilities included participating in client meetings, assisting with conceptual and schematic design, preparing construction documents, and overseeing the construction administration process. I also led the successful LEED Core and Shell certification effort for one of the distribution centers designed by the firm.

Kidder Wachter Architecture & Design, Erie, PA

Intern Architect

2010 - 2013

Kidder Wachter Architecture & Design is a small firm with a variety of project types ranging from commercial fit-outs to new single family residences. My primary responsibilities included conducting site visits and existing conditions documentation, assisting with the development of design schemes, preparing presentation drawings, and preparing the construction documents.

VOLUNTEER EXPERIENCE

The Community Design Collaborative, Philadelphia, PA

2014 - 2019

The Community Design Collaborative provides pro bono preliminary design services to non-profits in the Philadelphia area working on projects of social, cultural, and economic importance to local communities. As a volunteer I met with local community groups and assisted with the development of programming and design studies.

EDUCATION

The Pennsylvania State University

Bachelor of Architecture, English Minor

2005 - 2010

Graduated from the University Park campus with a Bachelor of Architecture and an English Minor.

PROGRAM PROFICIENCIES

Revit, AutoCAD, SketchUp, Enscape, Adobe Illustrator, Adobe InDesign, Adobe Photoshop, Microsoft Office. Working familiarity with Newforma, Procore.
